

Better Living Better Health

Regional Public Health and Wellbeing Plan for the EHA Constituent Councils 2020 – 2025

Better Living Better Health

Introduction

Better Living, Better Health 2020 – 2025 is the regional public health and wellbeing plan for the Eastern Health Authority Constituent Councils of Burnside, Campbelltown, Prospect, Norwood Payneham & St Peters, and Walkerville. This Plan builds on the previous Public Health Plan and will lay foundations for the next Public Health Plan.

This Regional Public Health Plan acknowledges that public health is a key concern for all Constituent Councils and that each Council addresses public health issues across their business. The detail of individual Council actions are not addressed in this Plan. Instead, it focuses on regional activities that require collaboration between the councils and community partners.

Better Living, Better Health 2020 – 2025 builds on regional strengths and addresses regional challenges. It also considers priority populations identified in South Australia's State Public Health Plan 2019-2024, and it addresses the State's four strategic priorities:

Promote: Build stronger communities and healthier environments.

Protect: Protect against public and environmental health risks and respond to climate change.

Prevent: Prevent chronic disease, communicable disease and injury.

Progress: Strengthen the systems that support public health and wellbeing.

Where we are coming from and where we are going

This is the second Regional Public Health Plan for the region. As such it builds on the last plan, Better Living, Better Health 2014 – 2018 and it will be the foundation of the next.

Plan 2014-18 Integrating Public Health into council business

Plan 2020-25 Establishing regional projects and collaborations

Plan 2026-30 Expanding regional projects and collaborations

Snapshot of the region

The region serviced by this public health and wellbeing plan comprises areas of relative socio-economic advantage compared to Greater Adelaide. Despite this, many residents are asset rich but cash poor and there are pockets of socio-economic disadvantage, social isolation and poor access to open space and services.

Population profile

- 162,362 people
- Fewer young children and young adults*
- More older people*
- 24% born overseas
- Many from China, Italy and India
- 773 humanitarian migrants
- 860 Aboriginal and Torres Strait Islander people
- 12.7% provide unpaid care to someone with a disability or long-term illness.

Socio-economic status

- High engagement in secondary education*
- High level of education among mothers of children under 15 years*
- Pockets of socio-economic disadvantage
- 56.2% of people over 65 years receive Age Pension
- 4.1% receive Disability Support Pension
- 3.4% unemployed
- 27.2% of low-income households experience rental stress
- 4% of dwellings are social housing
- 2.5% experience household crowding.

Health and wellbeing

- Consistent immunisation coverage overall
- Lower rates of smoking and obesity*
- 62.7% are physically inactive
- 1,800 people access mental health services annually
- Pockets of mental health vulnerability.

Community Connection

- Issues with isolation for some populations
- Fewer residential aged care places*
- Culturally tolerant
- Good access to support during a crisis outside family
- General feeling of public safety.

*Compared to Greater Adelaide

2020-2025

Working together for regional public health and wellbeing outcomes

A regional approach

Better Living, Better Health 2020 – 2025 will focus on activities that require cross-council collaboration for their planning and implementation. These activities will have health and wellbeing outcomes that cross council boundaries and benefit the whole region.

employed throughout the development of the Plan to facilitate shared goals and collaborative working relationships.

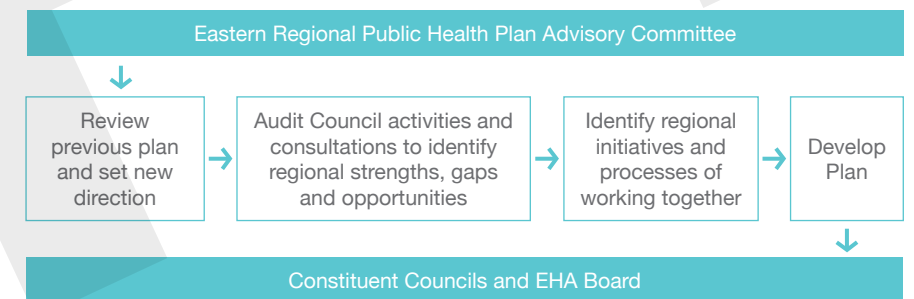

Community consultation

Over the past five years, all Constituent Councils have engaged their communities around issues that are relevant to public health and wellbeing in the region, including ageing, youth, cultural and linguistic diversity, reconciliation, access and inclusion, open space and recreation. A decision was made to reflect on this feedback to ensure planning was informed by a diversity of voices.

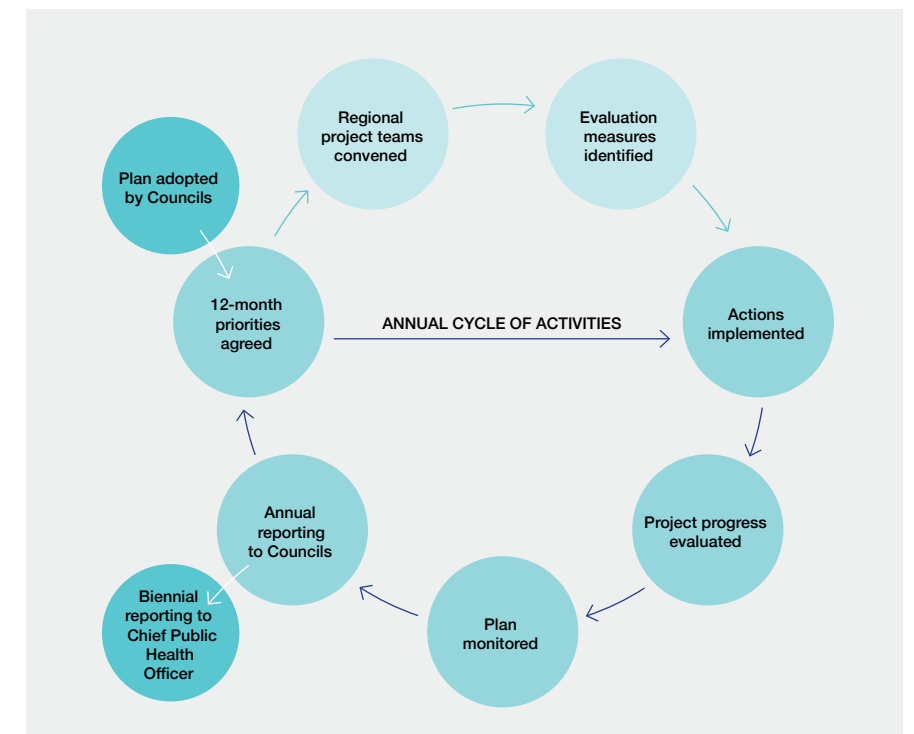

Co-design of goals, activities and ways of working together

Successful implementation of this plan relies on processes that support effective collaboration between EHA and Constituent Councils. Co-design methods have been
